

WELCOMING DR CRAIG JAMIESON

Dr. Craig Jamieson is a highly accomplished pathologist with a host of experience and extensive professional and personal skills.

After earning his MBChB from the University of Cape Town in 1996, he pursued further studies, completing the MMed in Anatomical Pathology in 2005.

Dr. Jamieson's career has been enriched by diverse roles in various healthcare institutions.

He spent three years at the NHLS laboratory at Frere Hospital in East London and worked as a medical officer in GVI Oncology at St. Dominic's Hospital, East London, where he gained invaluable experience bringing valuable skills to the laboratory.

He then joined Ampath Laboratories at St. Dominic's Hospital as a consultant pathologist for two years. In 2010, Dr. Jamieson became a consultant pathologist at Drs Hainsworth and Purcell Inc in Durban, and a partner in 2012.

He played a pivotal role in establishing a molecular laboratory and obtaining SANAS accreditation.

He continued his work at Lancet Laboratories in the Kwa-Zulu Natal region from 2018 to 2023.

With a passion for teaching and expertise in solid tumor oncology, hepatobiliary pathology, molecular pathology, telepathology, programming, and laboratory information systems, Dr. Jamieson's drive reflects his commitment to advancing the field of pathology to the benefit of the patient. In August 2023, he joined Dr. Holm Pathologists allowing his wealth of knowledge and experience to find fertile soil.
